REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of IA Securities (USA) Inc.

Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of IA Securities (USA) Inc. as of December 31, 2018, the related statements of operations, changes in stockholder's equity, and cash flows for the year then ended, and the related notes and schedules (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of IA Securities (USA) Inc. as of December 31, 2018, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of IA Securities (USA) Inc.'s management. Our responsibility is to express an opinion on IA Securities (USA) Inc.'s financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to IA Securities (USA) Inc. in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Auditor's Report on Supplemental Information

The supplemental information contained in Schedules 1 and 2 has been subjected to audit procedures performed in conjunction with the audit of IA Securities (USA) Inc.'s financial statements. The supplemental information is the responsibility of IA Securities (USA) Inc.'s management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, the supplemental information contained in Schedules 1 and 2 is fairly stated, in all material respects, in relation to the financial statements as a whole.

IA Securities (USA) Inc. (the "Company") was incorporated under the *Canada Business Corporations Act* on March 11, 2005. In the United States of America ("U.S."), the Company is registered as a broker-dealer in securities under the *Securities Exchange Act of 1934* and is a member of the Financial Industry Regulatory Authority ("FINRA"). The Company's primary source of revenue is commission income for securities trade execution for U.S. resident institutional clients. The Company is subject to regulation by FINRA and is clearing and settling transactions on a Delivery versus Payment/Receipt basis. The Company computes its regulatory net capital under the alternative method. The Company clears all transactions with, and for its customers, through its Parent, IA Securities Inc. (the "Parent"). Through its operating agreement with the Parent, the Company uses the services of NBCN Inc. ("Clearing Broker") to perform certain securities trading, clearing and record-keeping activities as its agent in securities markets. Accordingly, the Company does not hold customer securities nor perform custodial functions relating to customer accounts and is exempt from Rule 17a-13 pursuant to the Securities and Exchange Commission ("SEC") Rule 15c3-3(k)(2)(i). Continuing operations of the Company are dependent on the Parent's ability to attract and retain clients on behalf of the Company.

The Company is a wholly-owned subsidiary of the Parent, a Canadian-owned and regulated investment dealer regulated by the Investment Industry Regulatory Organization of Canada and is a participating member of the Canadian Investor Protection Fund. The Company's head office is located in Toronto, Ontario, Canada.

1. Significant accounting policies

The significant accounting policies are as follows:

(a) Basis of presentation

The Company adopted Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") No. 2014-09, Revenue from Contracts with Customers (the "new revenue standard" or Accounting Standards Codification 606, ("ASC 606") on January 1, 2018, under a modified retrospective approach. Revenue recognition policies under the new standard are applied prospectively in our financial statements from January 1, 2018, forward. ASC 606 was applied only to contracts that were not completed as of January 1, 2018, which there were none. There were no material changes to our revenue recognition policies as a result of the new standard. There were no significant changes between the results reported under ASC 606 and those that would have been reported under legacy US GAAP for the year ended December 31, 2018.

The Company maintains its financial records in United States dollars. These financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America.

(b) Securities transactions and balances and revenue recognition

Customers' securities transactions are recorded on a settlement date basis, with related commission income and expense recorded on a delivery basis. Interest income is recorded on an accrual basis.

(c) Translation of foreign currencies

Monetary assets and liabilities denominated in foreign currencies are translated into U.S. dollars at the year-end rates of exchange. Revenue and expenses related to foreign currency transactions are translated into U.S. dollars at the average rates of exchange prevailing during

the year. Gains or losses resulting from foreign currency translation are included in other revenue.

(d) Fair values of financial assets and liabilities

Securities are recorded at fair value. Where there is no quoted market value, fair value is determined using a variety of valuation techniques and assumptions.

Fair value represents the price that would be received to sell the asset or paid to transfer the liability (an exit price). A three-level hierarchy, provided in the applicable accounting guidance, for inputs is utilized in measuring fair value which maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that observable inputs be used to determine the exit price when available. Under applicable accounting guidance, the Company categorizes its financial instruments, based on the priority of inputs to the valuation technique, into this three-level hierarchy. The hierarchy is broken down into three levels based on the observability of inputs as follows:

All non-trading assets and liabilities are recorded at their original amortized cost less allowances or write-downs for impairment.

(i) Level 1:

Valuations based on quoted prices in active markets for identical assets or liabilities that the Company has the ability to access. Valuation adjustments and block discounts are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

(ii) Level 2:

Valuations based on one or more quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

(iii) Level 3:

Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

(e) Income taxes

Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the year that includes the date of enactment.

1. Significant accounting policies (continued)

(f) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the year. Actual results could differ from those estimates.

2. Financial instruments

(a) Concentration of credit risk

All clearing and depository operations for the Company are performed through the Clearing Broker. The Company reviews, as considered necessary, the credit standing of the counterparties with which the Company conducts business. The Company's exposure to credit risk associated with the non-performance counterparties in fulfilling their contractual obligations pursuant to securities transactions can be directly impacted by volatile securities markets, credit markets and regulatory changes. Credit risk is the amount of accounting loss the Company would incur if the counterparty failed to perform its obligations under contractual terms.

(b) Fair values of financial instruments

The fair values of financial assets and liabilities approximate their carrying amounts due to their imminent maturity or short-term nature.

(c) Cash

The Company considers deposits in banks and term deposits with original maturities of three months or less as cash and cash equivalents. All of the Company's cash is on deposit at one major Canadian bank/financial institution and the balance at times may exceed the federally insured limit of \$100,000. The Company believes it is not exposed to any significant credit risk due to cash.

(d) Currency risk

At December 31, 2018, the Company held foreign denominated financial assets comprised of cash held at one major Canadian bank/financial institution. At December 31, 2018, if the Canadian dollar had been stronger or weaker by 10% against the U.S. dollar with all other variables held constant, the net loss would have been \$722 higher or lower (December 31, 2017 - \$956 higher or lower).

3. Related party transactions and balances

Under an operating agreement dated August 3, 2005, the Company has entered into an arrangement with the Parent, whereby the Parent will perform certain securities execution and clearing activities and record-keeping services as agent for the Company, as well as providing management and administrative services to the Company.

Management fees of nil were charged to the Company from the Parent during the year.

4. Capital stock

Authorized, unlimited number

Common shares, no par value

5. Regulatory net capital requirement

In the U.S., as a registered broker-dealer, the Company is subject to the Uniform Net Capital Rule of the SEC ("Rule 15c3-1"), which requires the maintenance of minimum net capital. The Company computes its net capital under the alternative method, which requires that the Company maintain minimum net capital, as defined, equal to the greater of \$250,000 or 5% of aggregate debit items pursuant to SEC Rule 15c3-3. At December 31, 2018, the Company had net capital of \$318,959, which is \$68,959 in excess of the required minimum net capital of \$250,000.

6. Deposit segregated pursuant to federal and other regulations

A cash amount of \$290,595 has been segregated in a special account for the exclusive benefit of customers under Rule 15c3-3 of the *Securities Exchange Act of 1934* and is included in cash and segregated for regulatory reporting purposes.

7. Income taxes

For Canadian tax purposes, the Company files a stand-alone tax return.

The income tax expense included in the statement of operations is determined in accordance with FASB ASC 740, *Accounting for Income Taxes*.

The Company has assessed the impact of this standard and determined there is no material impact on its statement of financial condition or statement of operations.

As at December 31, 2018, the Company recorded a full valuation allowance against its deferred tax assets as it is not more likely than not that the benefit of the deferred tax assets will be realized.

7. Income taxes (continued)

2018	2038	61,444
Total		182,090

8. Legal proceedings

In the normal course of business, the Company may be involved in litigation. At December 31, 2018, no litigation was pending against the Company nor is management aware of any unasserted claims or assessments against the Company.

9. Subsequent events

The Company has evaluated the effects of subsequent events that have occurred subsequent to the year-end, December 31, 2018 through February 14, 2019, which is the date the financial statements were issued. During this period, there have been no events that would require recognition in or disclosure in the financial statements.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of IA Securities (USA) Inc.

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) IA Securities (USA) Inc. identified the following provisions of 17 C.F.R. §15c3-3(k) under which IA Securities (USA) Inc. claimed an exemption from 17 C.F.R. §240.15c3-3: (k)(2)(i) (exemption provisions) and (2) IA Securities (USA) Inc. stated that IA Securities (USA) Inc. met the identified exemption provisions throughout the most recent fiscal year without exception. IA Securities (USA) Inc.'s management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about IA Securities (USA) Inc.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.
